PSHE – Relationships

This week we are learning to:

- ✓ understand the concept of savouring the moment and ensuring that you use this to improve happiness.
- ✓ understand the importance of gratitude and that by doing so you can help people cope with stress.

Activity 1: Produce a savouring scroll of all the events that you have passed in this year that you can reflect on (click [here](#) for more information about this task).

Activity 2: Write a thank you letter to someone who is important to you (school or home). Click [here](#) for more information linked to this task.

Positive Comment Box

Create a **Positive Comment Box**. Fill it with positive things about members of your class, community or home and take them out every day to share when you have your meal together.

Theme of the Week: Sports Week

- **Sport Genius** - Ask your child to research about sporting history and see how many different facts they can find out about sports from the past. Using the facts found, your child might enjoy creating a sporting quiz which can be tested out on members of the household.
- **Sporting Heroes** - Get your child to select a favourite sporting star. Then ask him/her to draw a portrait of the chosen sporting star in the style of the famous pop artist Roy Lichtenstein using felt tip pens or paint.
- **Beat It!** - Begin by getting your child to measure his/her resting heart rate by counting how many beats in a minute. Then get him/her to carry out an exercise e.g. running, skipping, star jumps etc. for 3 minutes. Once the exercise is completed, ask your child to carry out a recovery activity e.g. walking or sitting and see how long it takes for their heart rate to go back to normal. Ask him/her to repeat this with different recovery exercises to see which is the most effective at getting the heart rate back to normal the quickest. Can he/she create a way of showing the results?
- **Anyone Can Be a Champion!** - This activity is all about exploring the diversity of sport. Ask your child to research the history of the Paralympics. Discuss why we have the Paralympics. Get your child to create a poster which presents the importance of the Paralympics and the range of different sports there are.
- **Believe, Belong, Become.** Your child might enjoy writing and decorating a prayer related to the Gospel of the Week. Do look at the 'Believe, Belong,

Become' section on our school website for more details about the Gospel of the Week.

Other Learning Activities for this week

Be active – Try this week's gonoodle - <https://www.gonoodle.com/> or BBC Bitesize PE.

Be kind – Listen to the 'Be kind' message. Reflect upon it. Share your kindness wherever you go.

Take note – Family time! Listen together the message 'Celebrate the Little Things'. Think about it and share all the small things that matter to each one of you.

Connect – 'Listen to the 'Help others' message. Reflect upon it. Are you ready to help someone in your family? Remember: any help matters, as small as that help might seem!

Learn - Science: What are insulators and conductors?

<https://classroom.thenational.academy/lessons/what-are-insulators-and-conductors>

Geography: The Galápagos Islands.

➤ <https://www.bbc.co.uk/bitesize/tags/zhgppg8/year-5-and-p6-lessons>

Design and Technology: Design skills.
